Anti-Graffiti Coating

The World's Best Anti-Graffiti System

The Nu-Guard AG Advantage
The worlds only effective barrier on all substrates

Clear and Colours

Nu-Guard AG is available in a clear finish or in any RAL colour so can be used anywhere, on any surface.

Tough resilient finish

Unlike any other ant-graffitisystem, Nu-Guard AG cures to a hardened finish making it stronger – with just one coat.

Zero Ghosting

Wash graffiti away with water and Nu-Guard AG won't show any ghosting, unlike other!

Single Part System

Open the can, brush it on. No mixing and no messing means less labour cost.

One Cost

In most cases, Nu-Guard AG is applied in one coat. Some surfaces may require a non-darkening sealer.

Permanent Protection

Graffiti can be removed quickly and easily using just water. No. re-application required.

Nu-guard AG is ideal for the following application:

- ☐ Aluminum Siding
- ☐ Fibreglass
- ☐ Glass
- ☐ Masonry (includes brick, marble, stone, tile, granite and concrete)
- ☐ Metal Street Signs
- ☐ Stucco
- ☐ Utility Boxes
- ☐ Vinyl Siding
- ☐ Wood

The World's Best Anti-Graffiti System

Coloured anti-graffiti paints

Based in Wolverhampton, Hydron Protective Coatings Ltd also supply a range of coloured anti-graffiti paint systems to customers throughout the UK. These paints are highly suited where adding some colour would add some aesthetic value to the area. Our coloured anti-graffiti systems include:

- Nu-Guard AG Colour
- Nu-Guard AG High Solids
- Nu-Flame AG Colour Coat

Clear anti-graffiti solutions

Clear anti-graffiti systems can be very versatile. These systems can be used in virtually any scenario. Whether it is on a new building where the natural appearance of the substrate is not to be changed, or to give new self coloured render a natural finish. Alternatively, where there is an existing or newly painted surface which requires the added benefits of an anti-graffiti system, then Hydron's range of clear anti-graffiti coatings can be applied both internally or externally. Our clear anti-graffiti solutions include:

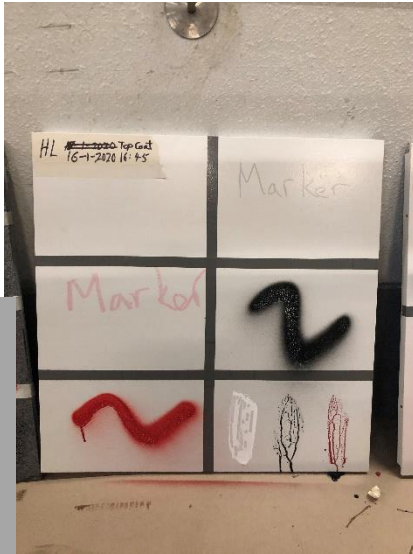

- Nu-Cryl AG and Nu-Cryl AG Extra
- Nu-Guard AG Clear
- Nu-Guard AG Glaze
- Nu-Sil WB

Anti-Graffiti Coating Performance Testing in Government Buildings (ArchSD)

5 Proprietary Anti-Graffiti Coating Testing on 5 common types of wall finishing

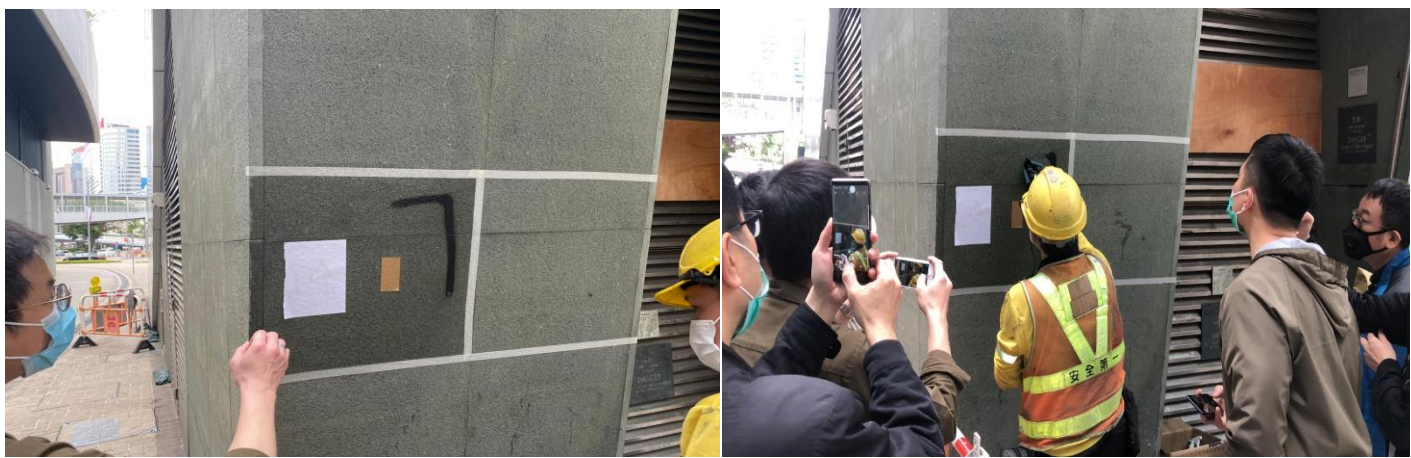

Testing on different wall finishes
